

Aspire

Aspire E500: New styling and enormous expandability

The all new Aspire E500 offers a choice from Celeron up to the latest Intel Dual Core processors. With options of multiple hard drives and the latest PCI Express technology, Microsoft XPH or Media Center Edition 2005, the Aspires E500 can go the full distance for your future needs.

Aspire T630: High Performance Entertainment Center

Enter an unbelievable world of performance and entertainment with the Acer Aspire T630. Intel hyper-threading CPUs, dual channel DDR2 memory, PCI Express graphic card technology and Gigabit Ethernet are just a few of the features that make the T630 perfect for your business, leisure, and gaming needs.

Aspire L200 Media Center: The slim and stylish digital entertainment system designed with the living room in mind.

The ground-breaking Acer Aspire L200 is a powerful and stylish entertainment system for all the family. Thanks to Microsoft Windows XP Media Center 2005 you can now enjoy all-in-one digital entertainment at the click of a button: Download and listen to music; watch videos; Burn and play DVDs; watch "Freeview" digital TV. pause and record live TV; organise your digital photos, and much, much more - all with a single remote control from the comfort of your sofa!
